Believe 63D is a direct son of Young Dale Believe 46B, the high selling bull in Canada for 2015. When our flagship sire Bear Creek Stoney 55D went down after servicing one cow in 2020 we were in a panic to find a replacement. We were able to find 63D and he seems to have

lived up to his Dad's reputation. Believe has 7 sons in our bull pen this year. They have eye appeal, will be easy calving, with length and shape but won't give up on performance. We used 63D this past spring in our heifer pen and his calves are on the ground now and they look really good. We sold Believe in June where he went to work on another herd.
